

Proper Use and Consent Form – Sacred Path Healing School

The Sacred Path Healing (SPH) School places content and materials on the student sections of the SPH website for the use of the students and the school. It is important that each student respect these materials and use them in the proper manner. In order to protect these materials, the portions of the website where they reside require a logon and password to get access. In order to be given a logon and password, the student must agree to the following:

I, as a student of the Sacred Healing Path (SPH) School, agree to the following:

1. I agree that my SPH userid and password are for my sole use only. I will not share them with anyone.
2. All materials under the student sections of the SPH website are the property of the SPH School. I will use these materials only for my personal use and will not share them with others.
3. I will store, copy, or reproduce materials found under the student sections of the SPH website for my usage only. I will protect these copies while under my care and will destroy them when no longer needed. I will not publish, copy, or post any materials to a website or any electronic storage that has access by anyone other than me.
4. There may be materials on the student sections of the SPH website that contain identity information (ex. the contact listing of fellow students in your class). I will not share identity information outside of the immediate students within my class.
5. I understand that videos, photos, audio, and other materials may be collected during classes and that this material may be posted within the student section. Occasionally, these materials may contain my voice, likeness, or information about me. I consent to this posting.
6. If at any time materials are posted or published which contain my voice, likeness, or other information about me and I would like that information removed, I agree to work with the faculty to achieve the removal to the extent reasonable.
7. I will maintain appropriate virus protection, software updates, and other security measures on my computer and will keep them current.
8. I will not submit materials to the SPH website that have viruses, worms, malware, or any other functions considered detrimental to the website or people's computers.
9. I will not alter materials on the SPH website.
10. I will not hack or otherwise attempt to subvert the security on the SPH website.
